

Our Kraft paperboard drink carriers are a smart solution for today's on-the-go beverage orders – combining innovative design with sustainability in every detail. 2-cup and 4-cup handled carriers feature secure cut-outs that hold drinks firmly in place to help prevent spills and tipping. We also offer bag inserts that fit neatly into your takeout bags, transforming them into stable drink carriers for delivery or carryout.

Carriers and bag inserts can be flattened and placed into household recycling bins – offering a convenient disposal solution that supports your operation's sustainability goals without compromising performance.

Circularity

- Fiber used meets the Sustainable Forestry Initiative® (SFI®) Certified Sourcing standards, ensuring it comes from sustainably managed forests
- Made without intentionally added PFAS
- Recyclable in household waste streams

Functionality

- Made in the USA
- Holds small to large size drinks, giving you maximum versatility for multi-drink orders
- 2-cell carriers can lock together to create a 4-cell carrier, allowing you to carry a single SKU
- Ships and stores flat
- Easily pops open for speed in filling orders
- Available in custom print by special order

Convenience

- Durable structural designs make it easy to carry multiple drinks safely
- Helps with stabilizing multiple beverages on-the-go or for delivery drivers to minimize spills
- Easy-to-carry handle or option to fit inside to-go bag
