

Our bakery portfolio offers a full range of packaging solutions for fresh bakery items. Great for any bakery application, we offer a wide variety of shapes, sizes, configurations, and window options. Available on different paperboard substrates, each pack can be white, kraft, or custom printed based on your preference.

Our full range of product options provides a sustainable solution that can help support plastic reduction goals. If you are looking to replace a current plastic container, our windowed boxes can provide the visibility to see the product while stacking nicely on the shelf.

We offer white and kraft paperboard options, allowing you to convey different messages and brand images, from a clean look to a more natural feel. Our boxes combine quality with functionality, providing a positive packaging experience for bakery employees, co-manufacturers, and shoppers.

Sustainability

- Fiber used meets the Sustainable Forestry Initiative® (SFI®) Certified sourcing standards, ensuring that it comes from responsibly managed forests
- Kraft cartons meet the requirements of the Recycled Paperboard Alliance 100% (RPA100)
- Window boxes are made from over 85% fiber, allowing you to reduce your plastic usage versus plastic bakery packaging

Operational Efficiency

- Ship flat to minimize storage space
- Easily pop open for efficient filling
- Stackable on a shelf for a clean, organized appearance
- Made in the USA, allowing for supply chain security and efficiency

Consumer Experience

- Provides an attractive, high-end presentation of your baked goods
- Durable structure performs well when carrying from shelf to destination
- Features such as locks for security and larger windows for product identification can be added to the package to help consumers with product identification and integrity
